Funds raised support Down Syndrome Research!

Down syndrome research is already shedding light upon Alzheimer's disease, cognition, the immune system, and cancer. Thus, insights gained by these investigations hold the potential to significantly benefit not only those with Down syndrome, but the broader general population.

RAISING AWARENESS!

This event helps raise awareness, not only of the disability but also of the abilities of individuals with Down syndrome while providing enjoyment free of charge to those attending.

RAISING FUNDS FOR RESEARCH

Additionally, it raises funds for DS research, both through raffles and through ads in our journal.

Down syndrome research is already shedding light upon Alzheimer's disease, cognition, the immune system, and cancer. Thus, insight gained by these investigations hold the potential to significantly benefit not only those with Down syndrome, but the broader general population. That is why of the over half a million dollars we have shared with other Down syndrome organizations, approximately half has been donated to research.

ALEXANDER'S ANGELS, INC.

Alexander's Angels Inc. is a 501(c)(3) all-volunteer organization. It oversees the celebration on Long Island of the World Down Syndrome Day in March and the Buddy Walk® in October. It has also established DOWNrightART, exhibitions of works of artists with Down syndrome, and the symposium The Up of Down: An Insight Into The World Of Down Syndrome. In 2015 it established the Youth/Self-Advocate Group, responsible for this event.
